Travel Awards

A number of competitive travel fellowships to attend the CPDD meeting (up to \$750+ registration) are available for scientists who have received their terminal degree, but are not more than 5 years beyond their doctorate (Ph.D.) or residency (M.D., D.V.M., etc.). There will also be a limited number of awards for foreign scientists spending not more than 2 years in the U.S. To apply, please submit your curriculum vitae including publications, a brief letter stating why a travel award is needed, and a letter from a mentor. Your mentor's letter should verify your status and indicate why you should be chosen to receive the travel award. The deadline for applications is usually in January. Only 1 individual from any laboratory or administrative group can apply for each category of travel award. Previous award winners are not eligible.

Applications for Travel Awards should be sent to:

Dr. Martin W. Adler
Executive Officer, CPDD
