The 87th Annual Scientific Meeting of The College on Problems of Drug Dependence Inc. (CPDD) will be held June 14-18, 2025 at the The Sheraton New Orleans Hotel New Orleans, Louisiana. Sponsorship and exhibit opportunities are now available and we would be delighted to have your participation and invite you to complete the enclosed Exhibit and Sponsorship Application.

ABOUT CPDD

CPDD provides a national and international forum for scientists of diverse backgrounds to advance the understanding of molecular-neurobiological aspects of addictive disorders and, by the application of new scientific knowledge, improve and develop treatments utilizing novel behavioral and pharmacological therapies.

Since 1938, a major focus of the CPDD's activities has been its sponsorship of an annual scientific meeting. This conference serves as a forum bringing together basic scientists and clinical investigators from industry, academia, and government. Representatives of regulatory agencies, as well as scientists and professionals in a few diverse disciplines, interested in the biochemical, behavioral, and public health aspects of drug dependence participate. We expect to have approximately 1,300 attendees for the 2025 Meeting, including many international attendees who come for the CPDD Meeting as well as the NIDA International Forum.
