Early Career Investigator
Awards

CPDD will award a number of competitive travel fellowships to attend the Annual Meeting (registration and up to \$750 travel expenses). Winners of the previous CPDD Travel Awards are not eligible. Postdoctoral Awards are available to scientists who are not more than five years beyond their doctorate (Ph.D.) or residency (M.D., D.V.M., etc.). There are also a limited number of awards for foreign scientists spending not more than 2 years in the United States. Predoctoral Awards are available for individuals in Ph.D. programs at institutions with little or no NIH support. Individuals currently supported by NIDA/NIH training grants or individual Predoctoral National Research Service Awards (F31) are not eligible for Predoctoral Awards. Application instructions: Only 1 individual from any laboratory or administrative group can apply for each category of award. To apply, please submit 5 copies of the following:

- a recent copy of your curriculum vitae including publications, presentations and previous travel fellowships
- a brief letter stating the type of award for which you are applying, why it is needed, and your reasons for attending the meeting
- a letter of recommendation from your mentor
- a copy of your submitted CPDD abstract

Applications must be postmarked on or before January 16. Check the Web site (cpdd.org) for instructions as to where to send your application.
