The Stephen G. Holtzman Travel Award for Preclinical Investigators was established by family & friends of Dr. Holtzman to honor his memory in tribute to his long-time service and dedication to the College on Problems of Drug Dependence. This award will be given annually or biannually to either a predoctoral student or postdoctoral trainee involved in preclinical research related to drug abuse and dependence.

2nd Annual

Sunday, June 12, 2016

Fiesta Ballroom
La Quinta Resort and Club
Palm Springs, CA

Award Presented to Jae Kim

Award Presented to Chloe J. Jordan

2015 Chloe J. Jordan
2016 Jae Kim

Dr. Stephen G. Holtzman (1943 – 2011) received his B.S. in pharmacy from Columbia University in 1965, and Ph.D. in pharmacology from the University of Michigan in 1969. That same year, Steve joined the Department of Pharmacology at Emory University in Atlanta, GA as a postdoctoral fellow where he rapidly moved through the ranks. He became full professor in 1990. He spent his entire academic career. One of Steve's last-employment positions was as a Research Scientist at the Emory University Regional Primate Center. Dr. Holtzman was professor of pharmacology and neurobiology at Emory University School of Medicine. In 2004, Steve became a member of the faculty of the School of Medicine at Temple University. He was a reader of The Journal of Pharmacology and Experimental Therapeutics, editor of the American Journal of Pharmacology and Therapeutics, editor of the Drug Discrimination Quarterly, and editor of the Journal of Neurochemistry. He was also a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics, and editor of the Journal of Neurochemistry. He was a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics. He was also a member of the editorial board of the Journal of Neurochemistry. He was a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics. He was a member of the editorial board of the Journal of Neurochemistry. He was a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics. He was a member of the editorial board of the Journal of Neurochemistry. He was a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics. He was a member of the editorial board of the Journal of Neurochemistry. He was a member of the editorial board of the Journal of Pharmacology and Experimental Therapeutics.
